"Dr. Williams' Pink Pills for Pale People" cured me. My trouble was with the stomach; I am tall, and the doctor said I gave too fast for my strength. I suffered dreadfully from indigestion and was doctored continually, but got no help. I suffered from terrible dragging sensations with the most awful pains low down in the side and pains in the back, and the most agonizing headache. No one knows what I endured. Often I was sick to the stomach, and every little thing I ate or drank made me sick. I was able to work for while I would be too sore to get up. I was three or four days; I work in a large store, and I suppose standing on my feet all day made me worse.

ANNOUNCEMENT.

For Magistrate.
We are authorized to announce
Thomas J. Jones as a candidate to
succeed himself as Magistrate of
Owingsville district, No. 6, subject
to the action of the Democratic
party.

There are troublous times in Wall
Street. The gambler gets it sooner
or later.

Our, Cassius M. Clay and the
Pope were two of the oldest famous
people in the world and died with-
in a short time of each other. Gen.
Clay was a man of the most work-
ed individuality.

The noted Henry Clay statue on
the monument at the famous
statesman's grand jury in the Lex-
ington cemetery last to head from some
cause last week—something Clay
was seldom guilty of life.

Somewhere from ambush tried to
kill Riley Colclough, a man who
because he testified against Bill Brit-
ton before the Breathitt county
special court grand jury. It's all
a man's life is worth there would
appear to the gang.

James J. E. Bonham, of Mayfield,
who was appointed by Gov. Beck
him to preside at the trial of Capt.
Powers, has been appointed to serve
on the Democratic State Campaign
Committee. The propriety of such
a political service assigned to
him is not to be questioned.

The results of the grand jury's
investigation of Breathitt county
crimes at the special session of
last week was disappointing. Capt.
Jury was indicted for the killing
of James Connelley, but the other
are alleged to be implicated were
not indicted. Ed Tharp and Joe
Crawford, the two men charged
with the burning of the school house,
were indicted, but the investigation
of Cox's murder and the at-
tempt to bribe E. J. Connelley, the
former Plummer being the only one
indicted in the latter connection.
